

SEEN, HEARD AND TOLD

By W. W. WHITAKER
When he feels like it.

The editor states that at long last he feels a little better and hopes to soon catch some of those stupid little fish at Grenada Lake.

We sure do miss seeing Mr. W. P. Warner, long time salesman at Grenada Hardware. We miss him especially here on Green St.

Its fine news that Rice Pressgrove is steadily improving following surgery at Grenada Hospital. Read his message elsewhere in this issue.

Mr. and Mrs. Scrapper Lockett sure do have two cute little girls.

Progress is being made at Hugh White State Park. Boats, small houses and floating piers are very much in evidence at the landing.

What could have been a tragedy last Sunday afternoon, turned out to be a 15 minute soaking in Grenada Lake for Mr. John Lake, president of Grenada Industries and Mr. Charles Calhoun, popular insurance man of Grenada. Their boat capsized and these two ardent fishermen lost their prize fishing tackle. They clung to the boat until help reached them.

Mr. W. B. Rook of Beat 2, who has the unique custom of paying \$2 in June and \$3 in December for the GCW for himself and his son, said that all one hears now is the super-typers race. He also stated that they are all good men, even if they are saying bad things about each other, and that he is going to put all candidate names in a hat, draw and vote for the name he picks.

R. B. Thomason, in the GCW to inquire about the editor, said that he really hit the jack-pot last week selling calves.

May Ward came in to inquire of Mr. Whitaker's health, and asked that we send the paper to her son, Mr. Perry Douglass Ward in Korea.

The editor wants to know the truth about this: Is Shag really running for Constable?

Mary Cain of Summit, candidate for governor, writes in "shame on you White, for running out on me we are going to win this time." Why she remarked: "Aunt Mary Sweet."

Gore Springs is developing about as fast as any community we have ever noticed.

In extending No. 8 Highway from Osberry to Philipp, some of the finest "open land" of Grenada County will be damaged. The farms hurt most will be the Dubard land owned by Mrs. Helen Dubard Hinds of Tupelo; the land now owned by Dot Hayden, purchased by him after its use as an auxiliary landing field for planes from the Greenwood AFB during the war; and the farm land owned by the heirs of Ruben Donley.

Often when new hard surface roads are built in a community only elation is felt, for one glides along so easily, but in this case, the land traversed will be permanently cut through with acres of producing land forever retired from production and the owners, although paid their price for the right-of-way, will never be as satisfied with their farm as they have been in years passed. We are reminded that for years the late Mr. William Dubard refused permission for a shorter public road through his place near Avalon. Now a hard surface road goes right thru it on (No. 7) Highway. Whenever there is progress, someone suffers, materially or otherwise.

Think of the people dispossessed at Camp McCain area and Grenada Reservoir area. Believe it or not, people love the land they own, and are not happy over giving it up.

Congratulation to Mr. and Mrs. Sidney Russell and Mrs. Johnnie Willis on being appointed to important state positions in the Veterans of Foreign Wars and Auxiliary.

Politics, that has been lying dormant up to now, is fixing to wake up and get hot.

Grenada Boat Club met at the City Hall Friday night and plans and dates were announced for boat races at Grenada Lake on Sunday, June 16th.

GRENADA COUNTY "FARM OF THE WEEK"

Number 4 in A Series of 52

—This Series Sponsored by Jitney-Jungle, Grenada

If this is YOUR farm, you can get, without charge, a nicely mounted picture of the farm, but you must come to the Grenada County Weekly and identify it. While you are in the GCW office, we hope to interview you and get a story for subsequent publication, about this property and about your family. If you need other photographs of the above, either the size shown, or larger, or of postal cards, the GCW can, and will arrange for them. A reasonable charge, of course, will be made for these reproductions. Let us show you samples.

Sidney Russell Elected To High State Position

At the 21 Annual Encampment of Veterans of Foreign Wars, held at Biloxi June 3, 4, and 5th, Sidney Russell of the local VFW post was elected Senior Vice Commander of Mississippi.

Congratulations, Sidney.

Rebels Beat Red Legs, Sox Edge Yankees

(By Hugh Ketchum)

A three-run rally in the fifth inning broke a 6-4 deadlock and gave the Rebels a 9 to 6 triumph over the previously undefeated Red Legs in the third round of play in the Grenada Little League competition Tuesday night at the Fairground diamond. It was the first win for the Rebels in three outings. In the second game of the tournament the GI Sox checked up a 10 to 8 win over the Yankees, giving the Sox a tie for first place with the Red Legs.

Coach Carl Cooper's Rebels took a four-run lead in the first inning of the deliberates of Freddy Simmons and Larry Carson, but the Red Legs coached by Wayne Wenger and Paul McElroy fought back and knotted the count at 6 to 6 by the fourth frame. The winning rally for the Rebels came after two were out in the fifth when Ronald Sennett, Wayne Gaines and Robert Philley crossed the plate. Rebel pitcher Henry Brister tightened and held the Red Legs scoreless the last two innings. Paul Wilborn hit two home runs for the Rebels.

A five-run spurge in the first inning proved the winning margin as the GI Sox, coached by Epp Smith, turned back Coach Bob Ellard's Yankees. Harold Connerly, Sox southpaw went the route, giving up nine hits and striking out ten. L. D. Blakely also went all the way for the Yankees, allowing 10 hits and fanning 13. Brooks Hill homered for the Yankees.

Little League Standings Are:

Team	W	L	Pct
Red Legs	2	1	.666
GI Sox	2	1	.666
Rebels	1	2	.333
Yankees	1	2	.333

Rev. Felix Sutphin To Remain In Grenada

Announcements were made Sunday June 3 at the Annual North Mississippi Meeting of the Methodist Conference of Pastors, including the announcement that Rev. Felix Sutphin will remain in Grenada. The Methodist here, and their many friends are delighted that Rev. Sutphin and his charming wife and little boy will remain here.

We asked Rev. Sutphin for a brief sketch of his background and learned that he is a native of Lee County graduate of Shannon High School, Woods Junior College, Millsaps College, M. A. Emory University and Chandler School of Theology.

While at Millsaps College, he preached at Clinton and Ridgeland, and while at Emory, served Warm Springs, Ga. for 2 years; and later the Cedar Grove-Clifton charge, for 2 years.

In 1944 Reverend Sutphin returned to the North Miss Conference, and was appointed to the Blue Mountain charge and New Albany District where he served 2 years.

From 1946 to 1950 was pastor at Baldwin, and June, 1950 to August 1951 was pastor at Drew, in the Cleveland Dist. In August, 1951, upon the death of Rev. Seamon Rhea, District Supt. of Sardis and the appointment of Rev. R. G. Lord, pastor here at that time, Rev. Sutphin was sent to Grenada. This year he begins his 5th year in Grenada. All of Grenada welcomes this fine family back home.

Attend Meeting At Belhaven College

Grenada Presbyterians who attended the Synodical Training School at Belhaven College, which began on Monday, June 6 were Mesdames Frank Horton, Coates Horton, John House, Mike McClamrock, Thomas Grant, and Margaret Noel. They will return home Friday afternoon.

Freedom In The Air — the stewardess came along the aisle of the plane with seating chart in hand marking your seat location on the chart as it actually is in the plane and she ask "Your name and destination please?" — and this is about what you hear: "Bochetti - Cleveland" "Cohen - New York" "Smith - Chicago" and their names could have been Bulgarin, Khrushchev, or Mikoyan, destination Moscow or Belgrade and no one would have raised an eye-brow much less a restraining hand. The only papers you need to show when traveling by air in THIS glorious country is the pretty little ticket cover they give you

which states your name, flight number and destination. Freedom — yes the great cross-section of the American people seen on planes, train or buses, going places, different places for different purposes is proof enough that we like the way it is here and that we are apt to keep it that way.

Recently I was offered a seat near a screened opening in the wall when I said "excuse me, I'm uncomfortable that near an air-conditioner" and the answer taught me a lesson. The man in charge of the seating arrangements corrected me "That is not the air-conditioner, that is the 'return opening' he said politely. Well, sure enough the vents through which the cool air came were much smaller but there just had to be other openings through which the warm air could escape or else the

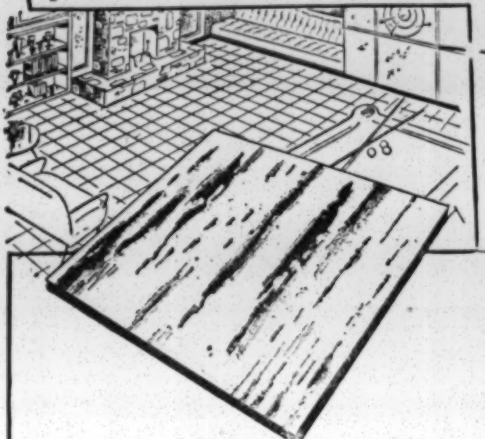

room would soon have a pressure that would raise the roof off — and so it is with you and I. We cannot always expect to be a giver, unless we are willing to be a giver, and strangely enough the openings in our heart through which we should GIVE is much larger than the vent through which we GET.

Will Rogers is credited of saying "I never met a man I didn't like"

and who can remember a man who didn't like the famous Will? We just can't help liking those who like us, but we can't make people like us by setting from them, but the secret is in the things we GIVE them.

The people of Grenada and Grenada County sometimes are puzzled why and how Louise Angevine can make so many lasting friends. Well, we discovered Louise's secret soon after we first met him. Louise is a giver. He gives the best gifts of all, he gives of himself. He doesn't spend a needed lot of money buying things to give. (Continued to Page 2)

Mumbo Jumbo

The man of magic, or the sorcerer, was considered for centuries a means of protection against the mysterious forces of danger and disease. Incantations and good-luck charms were his stock in trade. The art and science of magic, as we know it today, has evolved slowly from such a beginning. Available to your family physician are potent new medicinals, which, at times produce miracle-like results. No longer is it necessary for mankind to face disease with fear and faith alone. Consult your physician first, and bring your prescriptions to us for compounding.

TO MY FRIENDS OF GRENADA COUNTY

During my current illness and confinement in the hospital it has been impossible, of course, for me to carry on an extensive campaign for Chancery Clerk.

My condition now, however, is so improved and the reports of my doctors so encouraging that I believe before long I will be able to renew my campaigning which I had just started when I became sick.

Many of you have visited me in the hospital and have sent gifts and messages. I cannot tell you how grateful I am for your kindness and thoughtfulness.

I want you to know that I am a candidate for Chancery Clerk of Grenada County and that, if elected, I will devote my time and efforts to making you a worth-while public office-holder. In the meantime and until I am out of the hospital and able to see you and talk to you in person please know that I am grateful for your patience during my illness and for your many expressions of friendship, confidence and support.

Sincerely,
RICE E. PRESSGROVE

Yep, those are my hours of work, folks. I'm ALWAYS on the job, ready and willing to take over your work and give you time for other things. And, another important thing . . . I never charge overtime! In fact, the more you use me, the LESS I charge per Hour!

My big bonus is the satisfaction of having served you well—doing scores of chores about the house. The only way you can increase my total pay is to give me extra jobs to do—like air conditioning, for example. But my average hourly wage is still the same—about 3¢ an hour. And look at all the extra comfort you get. Not bad, huh?

Natural Gas is First Choice for Economy!

Of 10 gins rebuilt or repowered in Mississippi in the past year, 7 have installed natural gas engines and dryers. Economy was the top reason for selecting gas equipment.
Gas is famous for low fuel cost, and gas engines need less maintenance and repair because natural gas burns clean, with almost no deposit of carbon. Of course, natural gas solves your fuel problem. No tanks, no storage, just turn a valve for dependable natural gas. Today, 134 gins in Mississippi

are powered with natural gas—some with engines in constant service over 12 years.

For economy when powering a gin, installing an irrigation system or any other power need you may have, compare the advantages of a natural gas engine. There is a size to fit your exact needs in power and price. Ask your gas engine dealer, or your nearest Valley Gas office will get complete details for you.
